CORPORATION

TSX.V: CJC

Gold Explorer in the James Bay Region, Quebec

**QUEBEC PRECIOUS METALS CORPORATION IS A NEW MINERAL EXPLORATION COMPANY FOCUSED ON GOLD IN THE JAMES BAY REGION OF QUEBEC**

- Gold consolidation strategy **combining gold assets from three companies** listed on the TSX Venture.
- **Highly prospective land package** (909 km<sup>2</sup>) located in new gold mining camp.
- **Flagship project: Sakami** – ongoing drilling program, significant grades and well-defined drill-ready targets, to advance rapidly to the mineral resource estimate stage.
- **Strategic investor, Goldcorp inc.** (holds 14%), who operates the Éléonore gold mine, one of Quebec's largest gold mines, and located in the same mining district.
- **Proven management team and board** with access to capital.

## Strategy

- Review winter drilling results on Sakami and plan program **(Q3 2018)**.
- Drill on Sakami (30,000 m) for resource estimate and other targets **(Q3-Q4 2018)**.
- Prepare Sakami mineral resource estimate **(2019)**.
- Monetize non-core assets **(2018-2019)**.
- Ongoing – Open to more advanced stage gold projects for acquisition.

## Sakami Project

- **Year round access** and drilling.
- Underexplored area hosting the **Éléonore gold mine** along strike.
- 23 km along the contact between sediments and volcanics between **La Grande and Opinaca** Sub-provinces.
- Monetize non-core assets (**2018-2019**).

## Sakami Project La Pointe target

- Early 2000s - mineralization discovered at surface near Sakami Lake
- Until 2017 - drilling over 700 m length, down-plunge from surface to 450 m, open in all directions.
