

QUEBEC PRECIOUS METALS CORPORATION

(the “Corporation”)

INFORMATION CIRCULAR

(Containing information as at June 14, 2019 unless indicated otherwise)

SOLICITATION OF PROXIES

The management of the Corporation solicits proxies to be used at the annual meeting of shareholders (the “Meeting”) to be held at the time and place and for the purposes set forth in the attached Notice of Meeting and at any adjournment thereof. The cost of this solicitation will be borne by the Corporation. Accordingly, the management of the Corporation has drafted this information circular (the “Circular”) that it is sending to all the security holders entitled to receive a Notice of Meeting.

Proxies will primarily be solicited by mail, but may also be solicited by e-mail, by telephone or in person. Proxies may be solicited by employees, officers, directors or agents of the Corporation. The Corporation does not intend to remunerate anyone for soliciting proxies, and will assume all related expenses. The Corporation has not retained the services of a third party for proxy solicitation. However, should it decide to do so, the fees paid to the person doing the solicitation are expected to be reasonable.

If you cannot attend the Meeting in person, complete and return the enclosed form of proxy following the instructions therein. The deadline for voting is 5:00 pm (Eastern time) on July 22, 2019, or, in the case of adjournment or postponement of the Meeting, at least forty-eight (48) hours before the time of the resumption or postponement (excluding Saturdays, Sundays and holidays). The chair of the Meeting may waive the deadline for the filing of proxies at his or her discretion without notice.

QUORUM FOR THE TRANSACTION OF BUSINESS

The Corporation’s By-laws provide that the quorum at a meeting of the shareholders of the Corporation shall consist of two individuals, whether shareholders or proxyholders, personally present and representing personally or by proxy 5% of the issued and outstanding shares of the Corporation carrying the right to vote at the meeting.

APPOINTMENT OF PROXYHOLDER AND RIGHT OF REVOCATION OF PROXIES

The persons named in the enclosed form of proxy are directors and officers of the Corporation. **A shareholder has the right to appoint as his or her proxy a person, who need not be a shareholder, other than those whose names are printed on the accompanying form of proxy.** A shareholder who wishes to appoint some other person to represent him or her at the Meeting may do so either by inserting such other person’s name in the blank space provided in the form of proxy and signing the form of proxy or by completing and signing another proper form of proxy.

A shareholder may revoke a proxy at any time by sending an instrument in writing executed by him or, if the shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized in writing, at the same address where the form of proxy was sent and within the delays mentioned therein, or two business days preceding the date the Meeting resumes if it is adjourned, or remit to the chairman of such Meeting on the day of the Meeting or any adjournment thereof if applicable.

ADVICE TO NON REGISTERED SHAREHOLDERS

The information set forth in this section should be reviewed carefully by the non-registered shareholders. Shareholders who do not hold their shares in their own name (“**Beneficial Shareholders**”) should note that only proxies deposited by shareholders whose names appear on the records maintained by the Corporation’s registrar and transfer agent as registered holders of shares will be recognized and acted

upon at the Meeting. If shares are listed in an account statement provided to a shareholder by a broker, those shares will, in all likelihood, not be registered in the shareholder's name. Such shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). Shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.

Regulation 54-101 *respecting Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**Regulation 54-101**") of the Canadian Securities Administrators requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the form of proxy provided directly to registered shareholders by the Corporation. However, its purpose is limited to instructing the registered shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder.

The vast majority of brokers now delegate responsibility of obtaining instructions from clients to Broadridge Financial Solutions Inc. ("**BFSI**") in Canada. BFSI typically prepares a machine-readable voting instruction form, mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the forms to BFSI, or otherwise communicate voting instructions to BFSI (by way of the Internet or telephone, for example). BFSI then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. A Beneficial Shareholder who receives a BFSI voting instruction form cannot use that form to vote shares directly at the Meeting. The voting instruction forms must be returned to BFSI (or instructions respecting the voting of shares must otherwise be communicated to BFSI) well in advance of the Meeting in order to have the shares voted. If you have any questions respecting the voting of shares held through a broker or other intermediary, please contact your broker or other intermediary for assistance.

This Circular and accompanying materials are being sent to both registered shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories – those who object to their identity being known to the issuers of securities which they own ("**Objecting Beneficial Owners**", or "**OBOs**") and those who do not object to their identity being made known to the issuers of the securities they own ("**Non-Objecting Beneficial Owners**", or "**NOBOs**"). Subject to the provision of Regulation 54-101 issuers may request and obtain a list of their NOBOs from intermediaries via their transfer agents. If you are a Beneficial Shareholder, and the Corporation or its agent has sent these materials directly to you, your name, address and information about your holdings of common shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the common shares on your behalf. By choosing to send these materials to you directly, the Corporation (and not the intermediary holding on your behalf) has assumed responsibility for delivering these materials to you and executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

The Corporation's OBOs can expect to be contacted by BFSI or their brokers or their broker's agents as set out above.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting shares registered in the name of his or her broker (or his or her broker's agent), a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the shares as proxyholder for the registered shareholder by entering his or her own name in the blank space on the

proxy form provided to him or her by his or her broker (or his or her broker's agent) and return it to that broker (or that broker's agent) in accordance with the broker's instructions (or the agent's instructions).

All references to shareholders in this Circular, the enclosed form of proxy and the notice of meeting are to the registered shareholders unless specifically stated otherwise.

EXERCISE OF DISCRETION BY PROXIES

The management undertakes to respect the holder's instructions.

In the absence of any indication by the mandator, the agent will exercise the right to vote IN FAVOUR of each question defined on the form of proxy, in the Notice of Meeting or in the Circular.

Unless otherwise specified herein, all resolutions will be adopted by a simple majority of the votes represented at the Meeting.

Management does not know and cannot foresee at the present time any amendments or new points to be brought before the Meeting. If such amendments or new points were to be brought before the Meeting, the persons named in the enclosed form of proxy will vote on such matters in the way they consider advisable.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

The management of the Corporation is not aware of any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, of each of the following persons or companies in any matter to be acted upon other than the election of directors:

- (a) each person who has been a director or executive officer of the Corporation at any time since the beginning of the Corporation's last financial year;
- (b) each proposed nominee for election as a director of the Corporation; and
- (c) each associate or affiliate of any of the foregoing.

AUTHORIZED CAPITAL STOCK, VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The authorized capital stock of the Corporation consists of an unlimited number of common shares without par value. Each common share of the Corporation confers upon its holder the right to one vote. As at the date hereof, there were 44,980,558 common shares of the Corporation issued and outstanding.

The board of directors of the Corporation (the "**Board**") fixed the close of business on June 11, 2019, as the record date (the "**Record Date**") for determining which shareholders shall be entitled to receive notice of the Meeting and to vote in person or by proxy at the Meeting or any adjournment thereof. Pursuant to the *Canada Business Corporations Act*, the Corporation is required to prepare, no later than ten (10) days after the Record Date, an alphabetical list of the shareholders entitled to vote as of the record date that shows the number of shares held by each shareholder. A shareholder whose name appears on the list referred to above is entitled to vote the shares shown opposite his or her name at the meeting. The list of shareholders is available for inspection during usual business hours at the head office of the Corporation and at the Meeting.

To the knowledge of the directors and executive officers of the Corporation, no person beneficially owned, directly or indirectly, or exercised control or direction over, common shares carrying more than 10% of the voting rights attached to all outstanding common shares of the Corporation as at the date hereof.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

Compensation Discussion and Analysis

Interpretation

“Named executive officer” (“NEO”) means:

- (a) a Chief Executive Officer (“**CEO**”);
- (b) a Chief Financial Officer (“**CFO**”);
- (c) each of the three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 for that financial year; and
- (d) each individual who would be an NEO under paragraph (c) but for the fact that the individual was neither an executive officer of the Corporation, nor acting in a similar capacity, at the end of that financial year.

During the financial year ended January 31, 2019, the NEOs who are the subject of this Compensation Discussion and Analysis are Normand Champigny, Chief Executive Officer, Jean-François Meilleur, President and Nathalie Laurin, Chief Financial Officer. See “Summary Compensation Table” below for details of the total compensation received by the Name Executive Officers for the financial years ended January 31, 2019, January 31, 2018 and January 31, 2017.

Compensation Program Objectives

The Board, assisted by the Human Resources and Compensation Committee, reviews and takes decisions on issues related to compensation of executive officers and directors, while ensuring that policies are sufficiently competitive to attract and retain talented individuals, and that executive compensation is in line with industry standards. The Human Resources and Compensation Committee and the Board recognize that the NEOs are essential to the Corporation's vision and mission and that compensation plays an important role in achieving the Corporation's short and long-term objectives, which ultimately supports its success.

Purpose of the Compensation Program

The Board, as a whole, ensures that total compensation paid to all NEOs is fair and reasonable and accomplishes the following long-term objectives:

- produce long-term, positive results for the Corporation's shareholders; and
- align executive compensation with corporate performance; and

The Board also relies on the experience of its members as officers and directors with other junior mining exploration companies in assessing compensation levels.

Elements of Compensation Program

The executive compensation program consists of a combination of base salary and stock option incentives.

Purpose of Each Element of the Executive Compensation Program

The base salary of an NEO is intended to attract and retain executives by providing a reasonable amount of non-contingent remuneration.

Stock options are generally awarded to NEOs on an annual basis. The granting of stock options upon hire aligns NEOs' rewards with an increase in shareholder value over the long term.

Determination of the Amount of Each Element of the Executive Compensation Program

Intervention of the Board of Directors

Compensation of the NEOs of the Corporation, other than the CEO, is reviewed annually by the CEO, who makes recommendations to the Board. The Board reviews the recommendations of the CEO and approves the compensation of the NEOs based on the recommendations of the CEO. Compensation for the CEO is reviewed annually by the Board.

Base Salary

The base salary review of each NEO takes into consideration the constraints under which the Corporation operates by virtue of the fact that it is a junior mining exploration company without a history of earnings, and the particular skills of the NEO. Base salary is not evaluated against a formal "peer group". The Board relies on the general experience of its members in setting base salary amounts.

Stock Options

The Corporation has established a formal plan (the "**Plan**") under which stock options are granted to directors, officers, employees and consultants as an incentive to serve the Corporation in attaining its goal of improved shareholder value. The Board determines which NEOs (and other persons) are entitled to participate in the Plan, determines the number of options granted to such individuals, determines the date on which each option is granted and the corresponding exercise price. For further information regarding the Plan refer to "Securities Authorized for Issuance Under Equity Compensation Plans".

The Board makes these determinations subject to the provisions of the existing Plan and, where applicable, the policies of the TSX Venture Exchange (the "**Exchange**").

Link to Overall Compensation Objectives

Each element of the executive compensation program has been designed to meet one or more objectives of the overall program.

The fixed base salary of each NEO, combined with the granting of stock options, has been designed to provide total compensation which the Board believes is competitive.

External Compensation Consultants

During the fiscal years ended January 31, 2019 and 2018, the Corporation did not retain the services of an executive compensation consultant to assist the Board in determining the compensation for any of the Corporation's NEOs.

Compensation Risk Management

The Board has not proceeded to an evaluation of the implications of the risks associated with the Corporation's compensation policies and practices. The Corporation has not adopted a policy forbidding directors or officers from purchasing financial instruments that are designed to hedge or offset a decrease in market value of the Corporation's securities granted as compensation or held, directly or indirectly, by directors or officers. The Corporation is not, however, aware of any directors or officers having entered into this type of transaction.

 - at least annually obtain and review a report prepared by the external auditors describing (i) the auditors' internal quality-control procedures; and (ii) any material issues raised by the most recent internal quality-control review, or peer review, of the auditors, and reviewing any steps taken to deal with such issues;
 - serve as an independent and objective party to monitor the Corporation's financial reporting process and internal control system and overseeing management's reporting on internal control;
 - provide open lines of communication among the external auditors, financial and senior management, and the Board for financial reporting and control matters;

The Board may remove a member of the Committee at any time in its sole discretion by resolution of the Board. Unless a Chairman is appointed by the Board, the members of the Committee may designate a Chairman by majority vote of the full membership of the Committee.

6. The Committee shall, if required, prepare a report on executive compensation on an annual basis in connection with the preparation of the Corporation's annual information circular or as otherwise required pursuant to applicable securities laws. The Committee is also responsible to review all other executive compensation disclosure before it is filed with regulators and/or made public.
