## Quebec Precious Metals appoints RPA to complete a Mineral Resource estimate

**Montreal, August 20, 2019 - Quebec Precious Metals Corporation (TSX.V: CJC, FSE: YXEP, OTC-BB: CJCFF) ("QPM")** has appointed RPA Inc. ("RPA") for the completion of an initial Mineral Resource estimate and a supporting NI 43-101 technical report for its 100% owned flagship Sakami gold project located in the Eeyou Istchee James Bay territory, Quebec. RPA will work in close collaboration with SGS Canada Inc. that was recently mandated to provide independent technical consulting assistance in connection with the development of a three-dimensional geological model for the project.

### Qualified Persons

Normand Champigny, Eng., Chief Executive Officer of the Company, and Jean-Sébastien Lavallée (OGQ #773), geologist, Vice-President Exploration, director and shareholder of the Company, both Qualified Persons under NI 43-101 on standards of disclosure for mineral projects, have prepared and approved the technical content of this release.

### About RPA

RPA Inc. is a group of technical professionals who have provided advice to the mining industry for more than 30 years. During this time, RPA has grown into a highly respected organization regarded as the specialty firm of choice for resource and reserve work.

### About Quebec Precious Metals Corporation

QPM is a new gold explorer with a large land position in the highly-prospective Eeyou Istchee James Bay territory, Quebec, near Newmont Goldcorp Corporation's Éléonore gold mine. QPM's flagship project is the Sakami project with significant grades and well-defined drill-ready targets. QPM's goal is to rapidly explore this project to advance it to the mineral resource estimate stage.
