QUORUM FOR THE TRANSACTION OF BUSINESS

The Corporation's By-laws provide that the quorum at a meeting of the shareholders of the Corporation shall consist of two individuals, whether shareholders or proxyholders, personally present and representing personally or by proxy 5% of the issued and outstanding shares of the Corporation carrying the right to vote at the meeting.

APPOINTMENT OF PROXYHOLDER AND RIGHT OF REVOCATION OF PROXIES

The persons named in the enclosed form of proxy are directors and officers of the Corporation. **A shareholder has the right to appoint as his or her proxy a person, who need not be a shareholder, other than those whose names are printed on the accompanying form of proxy.** A shareholder who wishes to appoint some other person to represent him or her at the Meeting may do so either by inserting such other person's name in the blank space provided in the form of proxy and signing the form of proxy or by completing and signing another proper form of proxy and send it to the Corporate Secretary of the Corporation, c/o Computershare Trust Company of Canada, 1500 boul. Robert-Bourassa, 7th Floor, Montréal, Québec, Canada H3A 3S8, before 5:00 p.m. (Eastern Time) on July 26, 2022, or, in the case of adjournment or postponement of the Meeting, at least forty-eight (48) hours before the time of resumption or postponement (excluding Saturdays, Sundays and holidays). EXERCISE OF DISCRETION BY PROXIES

The management undertakes to respect the holder's instructions.

In the absence of any indication by the mandator, the agent will exercise the right to vote IN FAVOUR of each question defined on the form of proxy, in the Notice of Meeting or in the Circular.

Unless otherwise specified herein, all resolutions will be adopted by a simple majority of the votes represented at the Meeting.

Management does not know and cannot foresee at the present time any amendments or new points to be brought before the Meeting. If such amendments or new points were to be brought before the Meeting, the persons named in the enclosed form of proxy will vote on such matters in the way they consider advisable.

ADVICE TO NON-REGISTERED SHAREHOLDERS

The information set forth in this section should be reviewed carefully by the non-registered shareholders. Shareholders who do not hold their common shares in their own name (“Beneficial Shareholders”) should note that only proxies deposited by shareholders whose names appear on the records maintained by the Corporation’s registrar and transfer agent as registered holders of common shares will be recognized and acted upon at the Meeting. If common shares are listed in an account statement provided to a shareholder by a broker, those shares will, in all likelihood, not be registered in the shareholder’s name. Such common shares will more likely be registered under the name of the shareholder’s broker or an agent of that broker. In Canada, the vast majority of such common shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). Common shares held by brokers (or their agents or nominees) on behalf of a broker’s client can only be voted at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting common shares for the broker’s clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

If you are a non-registered shareholder who wishes to attend, participate or vote at the Meeting, insert your own name in the space provided in the voting instruction form sent to you by your intermediary, follow any applicable instructions provided by the intermediary AND register yourself as a proxyholder as described above. In doing so, you are instructing the intermediary to appoint yourself as your proxyholder. It is important to follow the intermediary’s instructions on how to sign and return the documents.

Regulation 54-101 *respecting Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**Regulation 54-101**”) of the Canadian Securities Administrators requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their common shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the form of proxy provided directly to Registered Shareholders by the Corporation. However, its purpose is limited to instructing the registered shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder.

In Canada, the vast majority of brokers now delegate responsibility of obtaining instructions from clients to Broadridge Financial Solutions Inc. (“**BFSI**”). BFSI typically prepares a machine-readable voting instruction form, mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the forms to BFSI, or otherwise communicate voting instructions to BFSI (by way of the Internet or telephone, for example). BFSI then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. A Beneficial Shareholder who receives a BFSI voting instruction form cannot use that form to vote shares directly at the Meeting. The voting instruction forms must be returned to BFSI (or instructions respecting the voting of shares must otherwise be communicated to BFSI) well in advance of the Meeting in order to have the shares voted. If you have any questions respecting the voting of shares held through a broker or other intermediary, please contact your broker or other intermediary for assistance.

This Circular and accompanying materials are being sent to both Registered Shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories – those who object to their identity being known to the issuers of securities which they own (“**Objecting Beneficial Owners**”, or “**OBOs**”) and those who do not object to their identity being made known to the issuers of the securities they own (“**Non-Objecting Beneficial Owners**”, or “**NOBOs**”). Subject to the provision of Regulation 54-101 issuers may request and obtain a list of their NOBOs from intermediaries via their transfer agents. If you are a Beneficial Shareholder, and the Corporation or its agent has sent these materials directly to you, your name, address and information about your holdings of common shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the common shares on your behalf. By choosing to send these materials to you directly, the Corporation (and not the intermediary holding on your behalf) has assumed responsibility for delivering these materials to you and

executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

The Corporation's OBOs can expect to be contacted by BFSI or their brokers or broker's agents, as set out above. The Corporation has agreed to pay the intermediaries for delivering the proxy-related materials and related voting instruction form to the OBOs.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting shares registered in the name of his or her broker (or his or her broker's agent), a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the shares as proxyholder for the registered shareholder by entering his or her own name in the blank space on the proxy form provided to him or her by his or her broker (or his or her broker's agent) and return it to that broker (or that broker's agent) in accordance with the broker's instructions (or the agent's instructions).

All references to shareholders in this Circular, the enclosed form of proxy and the notice of meeting are to the Registered Shareholders unless specifically stated otherwise.

Pursuant to the *Canada Business Corporations Act* (the "**CBCA**"), the Corporation is required to prepare, no later than ten (10) days after the Record Date, an alphabetical list of the shareholders entitled to vote as of the Record Date that shows the number of common shares held by each shareholder. The permanent management cease trade order was issued in connection with Carpathian's failure to file its (i) audited annual financial statements for the period ended December 31, 2013, (ii) management's discussion and analysis relating to the audited annual financial statements for the period ended December 31, 2013, and (iii) corresponding certifications of the foregoing filings as required by National Instrument 52-109 – Certification of Disclosure in the Issuer's Annual and Interim Filings. Each director elected will hold office effective until the earlier of the next annual general meeting of the Corporation or his/her successor is duly elected or appointed in accordance with the CBCA and the By-Laws of the Corporation, unless his/her office is vacated earlier.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

Compensation Discussion and Analysis

Interpretation

“Named executive officer” (“NEO”) means:

- (a) a Chief Executive Officer (“**CEO**”);
- (b) a Chief Financial Officer (“**CFO**”);
- (c) each of the three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 for that financial year; and
- (d) each individual who would be an NEO under paragraph (c) but for the fact that the individual was neither an executive officer of the Corporation, nor acting in a similar capacity, at the end of that financial year.

During the financial year ended January 31, 2022, the NEOs who are the subject of this Compensation Discussion and Analysis are Normand Champigny, Chief Executive Officer, Jean-François Meilleur, President and Robert Boisjoli, Chief Financial Officer. Mr. Jean-François Meilleur ceased to be President of the Corporation on January 31, 2022. See “Summary Compensation Table” below for details of the total compensation received by the Named Executive Officers for the financial years ended January 31, 2022, January 31, 2021, and January 31, 2020.

Compensation Program Objectives

The Board, assisted by the Human Resources and Compensation Committee (the “**Compensation Committee**”), reviews and takes decisions on issues related to compensation of executive officers and directors, while ensuring that policies are sufficiently competitive to attract and retain talented individuals, and that executive compensation is in line with industry standards. The Compensation Committee and the Board recognize that the NEOs are essential to the Corporation's vision and mission and that compensation plays an important role in achieving the Corporation's short and long-term objectives, which ultimately supports its success.

Purpose of the Compensation Program

The Board, as a whole, ensures that total compensation paid to all NEOs is fair and reasonable and accomplishes the following long-term objectives:

- produce long-term, positive results for the Corporation's shareholders; and
- align executive compensation with corporate performance.

The Board also relies on the experience of its members as officers and directors with other junior mining exploration companies in assessing compensation levels.

Elements of Compensation Program

The executive compensation program consists of a combination of base salary, bonus and stock option incentives.

Purpose of Each Element of the Executive Compensation Program

The base salary of an NEO is intended to attract and retain executives by providing a reasonable amount of non-contingent remuneration.

Bonuses and stock options are generally awarded to NEOs on an annual basis. The granting of stock options upon hire aligns NEOs' rewards with an increase in shareholder value over the long term.

Determination of the Amount of Each Element of the Executive Compensation Program

Intervention of the Board of Directors

Compensation of the NEOs of the Corporation, other than the CEO, is reviewed annually by the CEO, who makes recommendations to the Compensation Committee, which in turn makes its recommendation to the Board. The Board reviews the recommendations of the Compensation Committee and approves the compensation of the NEOs based on the recommendations of the Compensation Committee. Compensation for the CEO is reviewed annually by Compensation Committee and the Board.

Base Salary

The base salary review of each NEO takes into consideration the constraints under which the Corporation operates by virtue of the fact that it is a junior mining exploration company without a history of earnings, and the particular skills of the NEO. Base salary is not evaluated against a formal "peer group". The Board relies on the general experience of its members in setting base salary amounts.

Short-Term Incentive Plan

NEOs of the Corporation were eligible to receive discretionary cash bonuses or deferred share units or a combination (the "**Bonus**") thereof as determined by the Board from time to time. On June 16, 2021, the Board adopted a short-term incentive plan (the "**Bonus Plan**"), which applies to officers, members of senior management and key employees.

The bonus available under the Bonus Plan depends on the achievement of pre-agreed criteria related to: (i) the general performance of the Company; (ii) the achievement of pre-agreed defined personal Key Performance Indicators ("**KPIs**") having regard to the position and job description of the individual; and (iii) discretion of the Board based on the recommendations of the Compensation Committee.

The amount of the Bonus in any year is expressed as a percentage of the Base Salary. The Bonus is divided into 3 components: (i) the Corporation's financial performance; (ii) the individual's performance

based on pre-agreed KPIs; and (iii) the discretion of the Board based on the recommendations of the Compensation Committee.

Long Term Incentive

The Board has adopted a stock option plan and a deferred share unit plan, in order to incentivize and retain the Corporation NEO's for their sustained contribution to the Corporation.

The Corporation has established a formal stock option plan under which stock options are granted to directors, officers, employees and consultants as an incentive to serve the Corporation in attaining its goal of improved shareholder value. The Board determines which NEOs (and other persons) are entitled to participate in the stock option plan, determines the number of options granted to such individuals, determines the date on which each option is granted and the corresponding exercise price. For further information regarding the stock option plan refer to "*Securities Authorized for Issuance Under Equity Compensation Plans - Stock Option Plan*".

The Board makes these determinations subject to the provisions of the existing Plan and, where applicable, the policies of the TSX Venture Exchange (the "**Exchange**").

Link to Overall Compensation Objectives

Each element of the executive compensation program has been designed to meet one or more objectives of the overall program.

The fixed base salary of each NEO, combined with the granting of stock options, has been designed to provide total compensation which the Board believes is competitive.

External Compensation Consultants

During the fiscal years ended January 31, 2022, and 2021, the Corporation did not retain the services of an executive compensation consultant to assist the Board in determining the compensation for any of the Corporation's NEOs.

Compensation Risk Management

The Board has not proceeded to an evaluation of the implications of the risks associated with the Corporation's compensation policies and practices. The Corporation has not adopted a policy forbidding directors or officers from purchasing financial instruments that are designed to hedge or offset a decrease in market value of the Corporation's securities granted as compensation or held, directly or indirectly, by directors or officers. The Corporation is not, however, aware of any directors or officers having entered into this type of transaction.

granting an option, the Board, at its discretion, may set a shorter period of time during which an option is exercisable.

- **Exercise Price.** The exercise price of options granted under the Stock Option Plan is determined by the Board, provided that it is not less than the discounted market price (as defined in the policies of the Exchange) subject, however, to a minimum exercise price of \$0.10 per common share.
- **Reduction of Exercise Price.** The exercise price of stock options granted to insiders may not be decreased without disinterested shareholder approval at the time of the proposed amendment.

("DSUs") to eligible employee, officer or director of the Corporation (a "Participant") in respect of the services rendered to the Corporation. Consultants of the Corporation for investor relations services are not and cannot be Participants under the DSU Plan. The purpose of the DSU is to provide to the Participants a supplemental form of compensation which promotes a greater alignment of the interests of the Participants and the shareholders of the Corporation in creating long-term shareholder value. A DSU is a notional unit credit by the Corporation to the account of the Participant by way of a bookkeeping entry in the books of the Corporation and administered pursuant to the terms of the DSU Plan, the value of which on a particular date shall be equal to no less than the Fair Market Value, as defined in the DSU Plan, at that date. - **Vesting:** The Board shall, in its sole discretion, determine any and all conditions to the vesting of any DSU to a Participant.
- **Redemption:** On a date to be determined by the Board, in its sole discretion, after (i) the Participant is no longer an employee, officer or director of the Corporation; or (ii) the death of the Participant, the vested DSUs credited to the Participant's account shall be redeemed and shall be paid by the Corporation to the Participant, at the option of the Corporation in its sole discretion, in the form of a lump sum cash payment or by the issuance of the number of common shares to which the DSUs relates, or a combination of both. Where redemption is to be made in cash, the Fair Market Value of the DSUs shall be determined as of the redemption date.
- **Transferability:** DSUs granted under the DSU Plan are not transferable, subject to limited exceptions such by will or the laws of descent and distribution, or as expressly permitted by the Compensation Committee of the Board.
- **Administration:** The DSU Plan is administered by the Board.
- **Amendment:** The Board has overall authority for interpreting, applying, amending and terminating the DSU Plan without shareholder approval, subject to any additional requirements of the rules of the Exchange. For greater certainty, the Plan is subject to the TSX Venture Exchange Corporate Finance Manual Policy 4.4 - *Incentive Stock Options*, or any successor policy. The following amendments to the DSU Plan or units issued thereunder shall not be made without the prior approval of disinterested shareholders:
